

YEAR TWO CLASSROOM NEWS

• What's On for Term Three– 2019 •

Science

During Term One, we learnt about the importance of Mini Beasts (Living World). In Term Two we discovered

the properties of sound and light (Physical World). During Term Three we will be discovering the properties of materials (Material World) and how to utilise their potential when combined. In Week Five, we will have visiting educators who will take the children through a series of hands-on workshops to design and make their own insect hotel.

Gymnastics

Gymnastics will be the major component of the sport program for Term Three. Each class will have a dedicated lesson on Thursdays, starting Week One. This means that children will have to wear their sports uniform each Thursday.

Excursion

To enhance our Geography study of "What can we learn from our neighbours?"

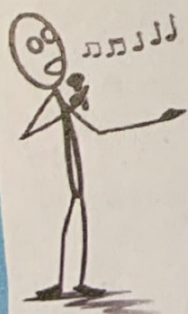

we will be visiting a Teppanyaki restaurant.

Information notes will be sent home.

Incursion

The Life Education van and Healthy Harold will be visiting us to teach us about healthy eating and safe living.

NFactor – Week 9

All classes will be working on a performance item for this exciting event. Please be on the look out for specific notes from your classroom teacher regarding costumes and props.

CHILD PROTECTION

These important lessons, which are part of the mandated Personal Development curriculum, will be delivered this term. The Stage One outcome is: **"Children will recognise that their safety depends on the environment and the behaviour of themselves and others".**
