History

The Past in the Present

Our key inquiry question this term is:

What aspects of the past can we see today and what do they tell us?

In this unit, students discover how they can use artefacts to learn about the past. They will also explore and think about what significant people, buildings, sites and natural environments in their local area can tell us about the past, and what lessons we can take into the future.

NEWS topics for your class are on the back of this note

SPORT

Sport will continue every Thursday. This term we are focusing on throwing and catching. We will be undertaking an exciting 4 week challenge to enhance these important skills. Sports uniform will need to be worn on Thursdays.

K-2 Athletics Carnival

The carnival will be held at school on Thursday 29th October. More information will be sent home shortly.

MATHS

Year 1

Counting forwards and backwards by 2s and 5s, as well as reading the time on the hour and half hour are two of our goals for this term.

Year 2

Now that the children are so good at counting by 2s, 5s and 10s, in preparation for Year 3, we will be learning our 2, 5 and 10 times tables (ie $1 \times 2 = 2$, $2 \times 2 = 4$).

End of Year

If anyone is starting late next year, or not returning, please let us know in writing as soon as you can.
